

PRESENT
CALL FOR 3D MEXICAN ARTISTS

ANIMATION ACCELERATOR

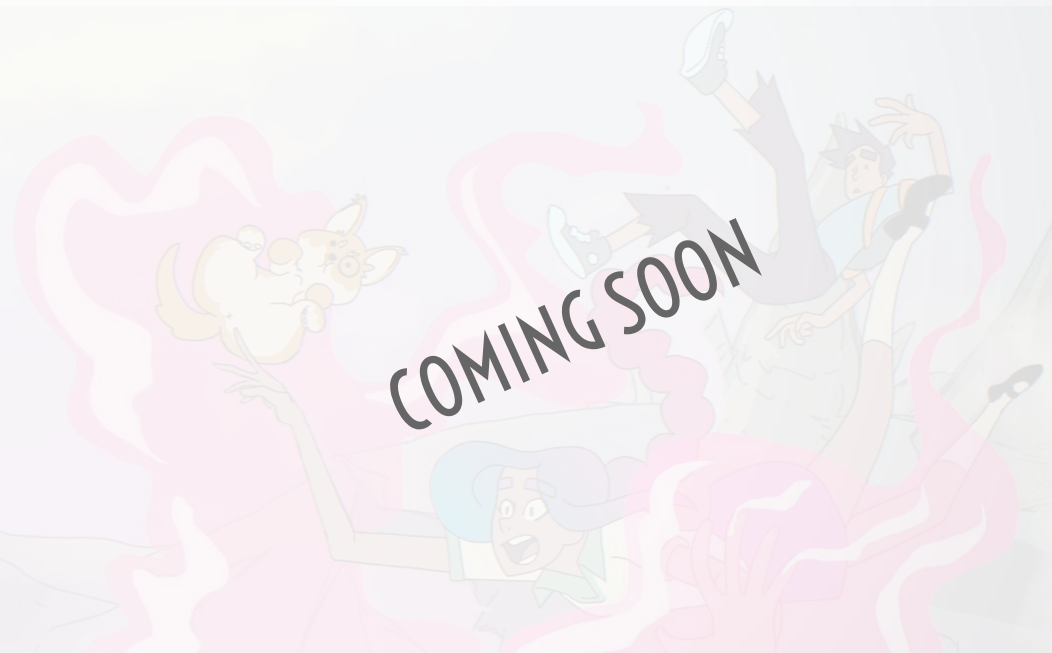

A program in the heart of Ciudad de Mexico to promote and accelerate the growth of the 3D animation in Mexico.

FROM 2D TO CG

PROMOTING 3D CG ANIMATION

A Mexican 2D Animation project will serve to produce pre-production CG visuals that will both explore and showcase the possible look and feel of the production.

Through a technically, rigorous and creatively versatile process, CG visuals will be created to show the potential of the project and the skills of the Mexican artists involved.

FROM THE SELECTION PROCESS TO THE FINAL DELIVERY, AN OCCASION TO GROW!

Be part of a program that will develop your artistic and technical skills

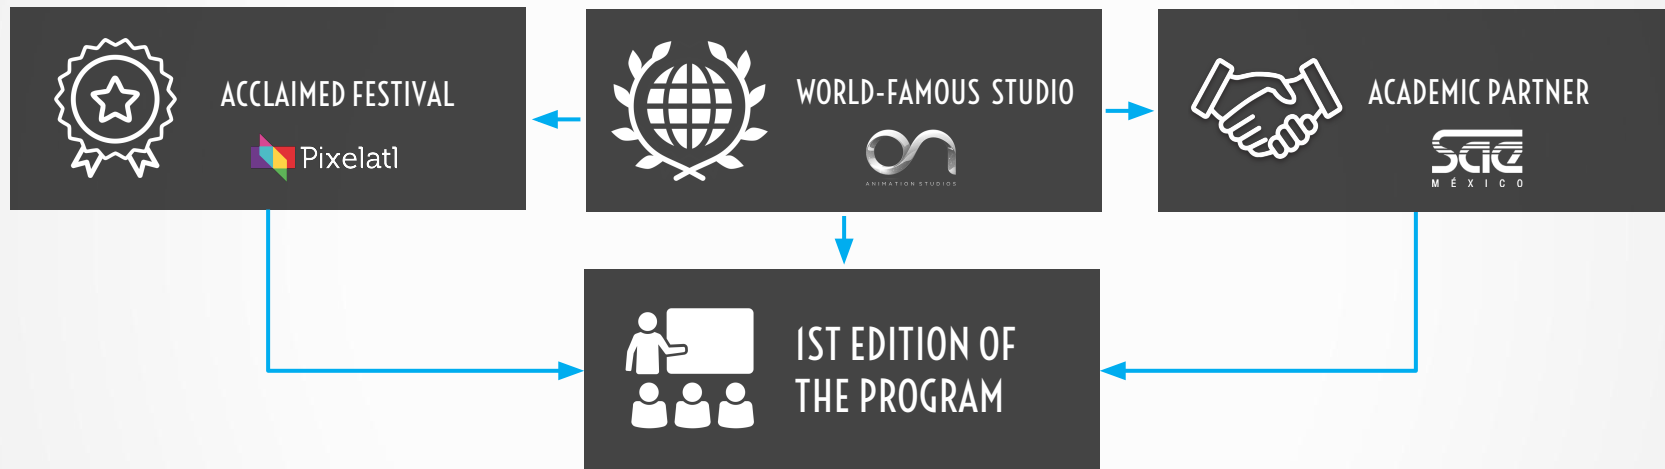

- Eight weeks of CG production on a real professional level, on a real project.
- Under the supervision of experienced and talented supervisors from ON Animation Studios.
- Full time program in a renowned media school in Mexico City: SAE Institute.

Get familiar with international studio requirements starting with the application process

- Be exposed to the requirement levels of international studios.
- Receive mentorship and guidance by industry professionals throughout the program.
- Have a portfolio according to standards of international studios.

Production | Character Modeling & Surfacing |
Environment Modeling & Surfacing | Grooming |
Lighting & Compositing | Matte Painting
